About Another Fisherman's Tale

Embark on a new mind-bending adventure in Another Fisherman's Tale, the sequel to the award-winning A Fisherman's Tale. Immerse yourself in poetic storytelling as you explore new mind-bending VR puzzle mechanics. Solve puzzles using your own body, detach and control your limbs, and find new attachments to progress. Discover the truth as you journey through beautiful and unique locations, brought to life by the makers of A Fisherman's Tale.

In this sequel to A Fisherman's Tale, we step into the shoes of Nina, the granddaughter of Bob the Fisherman, as she discovers models, notes and pictures of his adventures.

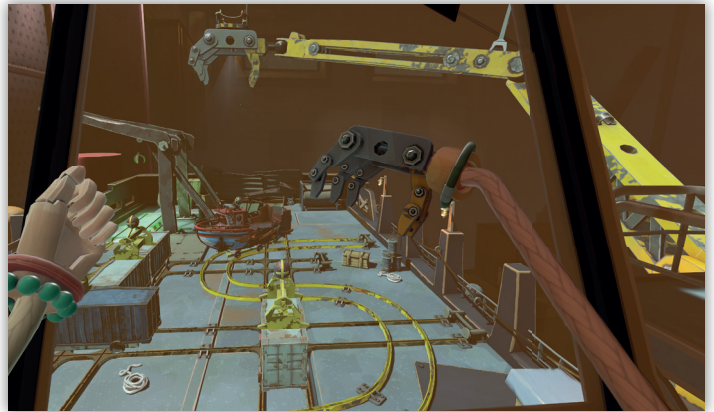

Remembering all the grandiose stories of his journeys about pirates, sunken ship, treasures and mystical location, she starts re-enacting the adventures of Bob by puppeteering a model of Bob and using models build by him.

Get ready for a captivating VR experience unlike any other.

Game Features

- **Poetic Story:** Search for the truth about Bob's past by unraveling Nina's childhood and follow Bob's past.
- **Mind-bending VR-Puzzle mechanics:** Your own body is the primary puzzle to be solved; creating unconventional gameplay based on dismantling and reinventing your own self.
- **From the makers of A Fisherman's Tale:** An all new colorful and mind bending adventure by Innerspace.
- **More locations:** Explore various immersive models, located in the basement of Nina's mother's house.

About Vertigo Games

Vertigo Games is a multi-platform VR entertainment company with offices in Rotterdam and Amsterdam, The Netherlands and L.A., California. With experienced teams in the areas of Studios, Publishing, and Arcades the company develops, publishes, and distributes a growing portfolio of quality VR games, including brands like Arizona Sunshine® and After the Fall®. Vertigo Games is a Koch Media Group company.

About Innerspace

Since its foundation in 2014, INNERSPACEVR established itself as one of the major creative studios in the VR industry, particularly for its sense of innovation and artistry. INNERSPACEVR has produced several immersive experiences such as Firebird - La Péri and The Unfinished, which have won multiple awards. A Fisherman's Tale is a critically acclaimed virtual reality narrative puzzle game and won best game of the year award. It was released January 2019 on PC and PSVR and November 2019 on Oculus Quest.
