

Technical File

ALIX WONDERLANDS

February 2020

Description:

5 circular spaces of 1.60 meters in diameter, arranged in a pentagon.
Each space is equipped with a 360° swivel seat, a virtual reality headset and an audio headset.
In the center, a table of 1.60 diameters around which the 5 participants are waiting for their turn playing ALIX crossword.

VR work available in FRENCH and ENGLISH.

Public reception:

Capacity: 10 people / 30 minutes.

Reservation slots: 5 people every 15 minutes.

Duration of the experience: 30 minutes including 15 minutes of virtual reality.

Maximum number of slots per day: 15

Size of the installation:

Floor space: 7 meters by 7 meters.
Minimum height: 3 meters

Technique:

Installation time: 4 hours.
Dismantling time: 2 hours.
Transport volume: 12 m³.

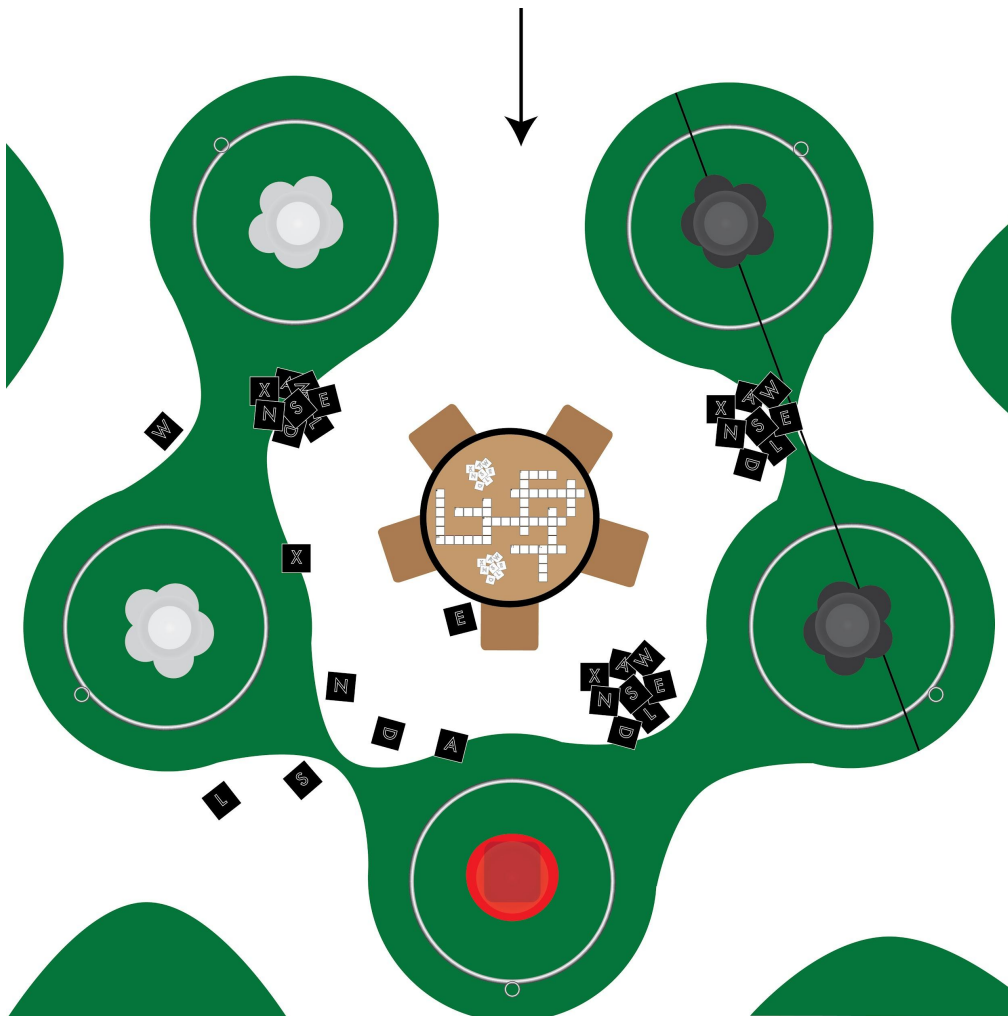

On site, this installation requires :
2 x 16A power outlets for small lights and computers.
1 dressing room for the 2 speakers: costume change, break and catering (water and snacks).

We are technically autonomous,
we bring the whole scenography
as well as decorative lighting, computers and extension cords.

Notes:

This installation can be adapted to your space, do not hesitate to contact us.
